

Letter of Reference

To Whom It May Concern,

I am writing this letter to support Mr. Denis Hoti's job application. He has been engaged in our organization as volunteer since December 2020.

For the time of volunteering he has helped with Web-programming workshops and participated on different activities of the organization, recently he has attended a Training Courses on Volunteerism. Hoti demonstrated to have strong quantitative and qualitative skills and has the social and communicative skills necessary for effective performance in group activities. He is very fluent in different languages and seems to be easygoing which gives him a friendly approach with others and team work spirit. He also proved to have good organizational skills and an eagerness to learn new experiences and challenges.

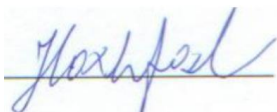

While Mr. Hoti would seem to be younger than most students admitted to your company, his desire to get ahead and play an important step in rebuilding Kosovo make his application worth a serious consideration.

I would strongly support his application to your company. I strongly recommend him for your program and wish him lots of success.

Should you need any further information, please feel free to contact me.

Sincerely

Visar Haxhifazliu
